

MERCHANDISING/POP MATERIALS

MIDWEST SNIPS® Mini-Catalog Display (Each display includes 40 mini-catalogs)

- The Mini-Catalog display can be used as a counter display or hung on pegboard or slat wall displays. The mini-catalog covers our full line of products.
- The mini-catalog is also a handy product and application guide as it describes the function and application for each tool (e.g. which snips make long cuts, or cut circles, tools used for bending, cutting wire, etc.)

Distributors:
